Code	2	8	

CANCELLED

The above aforementioned polling unit details is due for cancellation owing to this reason;

We arrived the polling unit late and election started at exactly 10:45am. Due to some issues we had with logistics and also, the said polling unit being a long distance village from the RAC Centre.

The Smart Card Reader started malfunctioning at the point of verifying the 132nd voter on our verification list. All efforts to get it back and running was abortive and we had a whole lot of pressure from the impatient voters. They eventually forced us into getting them accredited and vote after so much effort. We (the election officials) could no longer curtail the election. We tried to engage the SPO or any other chief officers in the area to engage the SPO or any other chief officers in a phone call but there was no network connection what-so-ever to enable us to do so.

We regret any inconveniences we might have caused as we proceed with manual voting was under duress.
