

P.U - 001

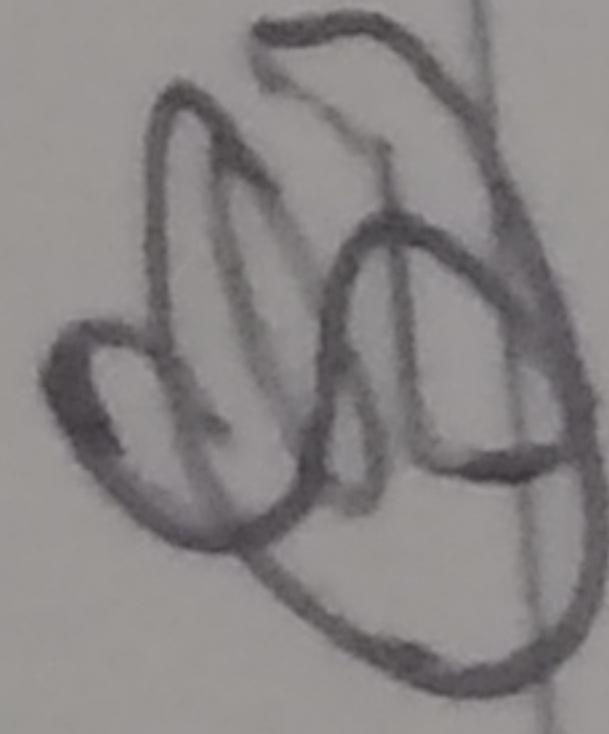

Position - PO

Ward - AWBA/OFEMMILI

The number of accredited voters on the BVAS is two(2) while the total number of votes were two hundred and fifty one (251). This happened because the BVAS failed to function as a result of poor network and I was under huge pressure by the people from the community to carry on the voting process manually without being accredited. I had to comply in order to save myself from the angry mob.

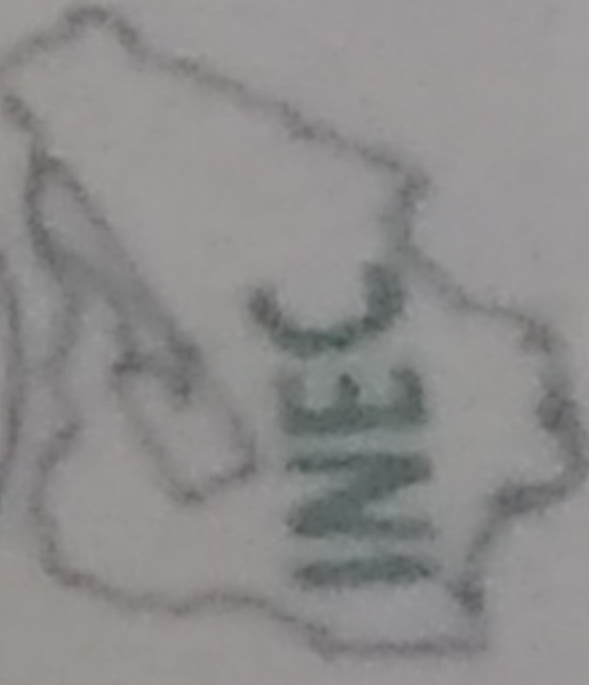

Thanks.
