Report on Election Conducted at
RA03 Polling unit 003 (11/10/00)

We started sorting out the ballot papers at 2:30pm, counting 3 papers. Some papers inserted the polling units with slips and subtle marks by the village president. Scattering the electorals into the bins were by the village president and all the security men were chased away from the polling unit.

About 30 minutes, the police came to our aid and we were rescued out of the scene.

All the ballot papers were destroyed and thrown away but the papers were left in the bins for some time.

Yours faithfully

P.O. Ashok Nyeem
