WARD 9 UNIT 1 Report on the out come of 25th Election

I the presiding officer Onoriode Progress and my assistant POI Orobor Josephine and Edeani Ernest APO II got to Enuhe for the purpose of the election, and 9 hours after the election started some unknown gun man broke, cepted us and started shooting uncontrollably at us and that made us to run into the bush for our safety/life.

God helping us the Nigeria police came to our rescure and help us to come out of our hidings, due to this so many of the election material we took to Enuhe for the purpose of the election were displaced even A P O II Edeani Ernest lost his phone in the process.

When the police was about taking us out of the town the community Chairman pleaded with the officers to take us back another time as we go to go on with the election through there to complete the election process in Enuhe ward 9 unit 1. From our experience today on ward 9 unit 1 Enuhe election I will categorically state that election done today was under duress and Inec should use her good office to bring about justice.

Yours faithfully

Onoriode Progress.
