Dear Sir,

Letter for Cancellation of Election

With due respect, I'm writing this letter purposely to you to inform about the cancellation of election for gubernatorial and house of Assembly due to conflict between the parties agents themselves which led to the destruction of election materials including the B-Vs. It's very unfortunate because there is nothing to prevent. I was attacked, until the dep-o and their traditional ruler came and rescue us. However, before the destruction of the B-Vs, 46 voters were accredited and casted their votes. Based on the above narration, the election could not hold further.

Thank you.

Yours faithfully
H.
