REPORT ON WHAT HAPPENED IN OUR POLLING UNIT 029 ABUJA / 07401 RESIDE WAS OLUDA II

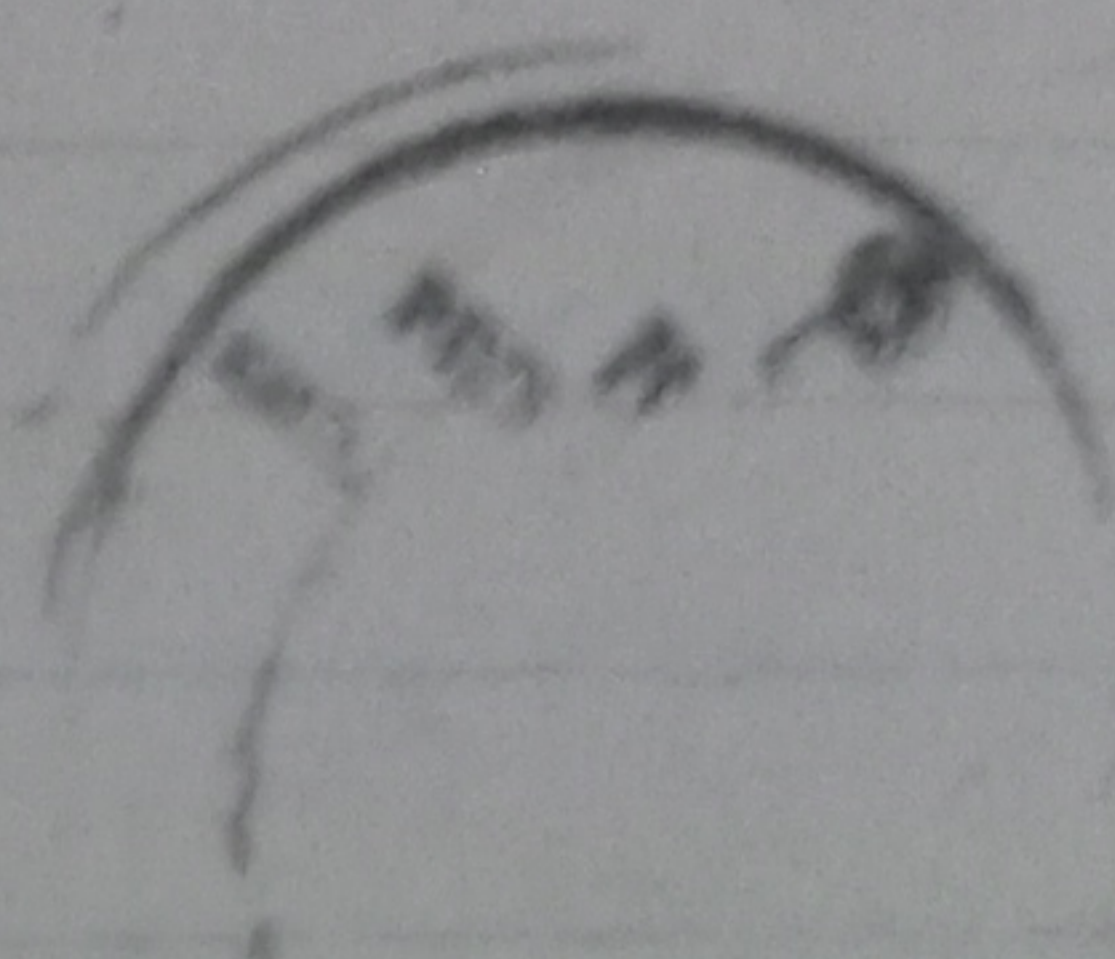

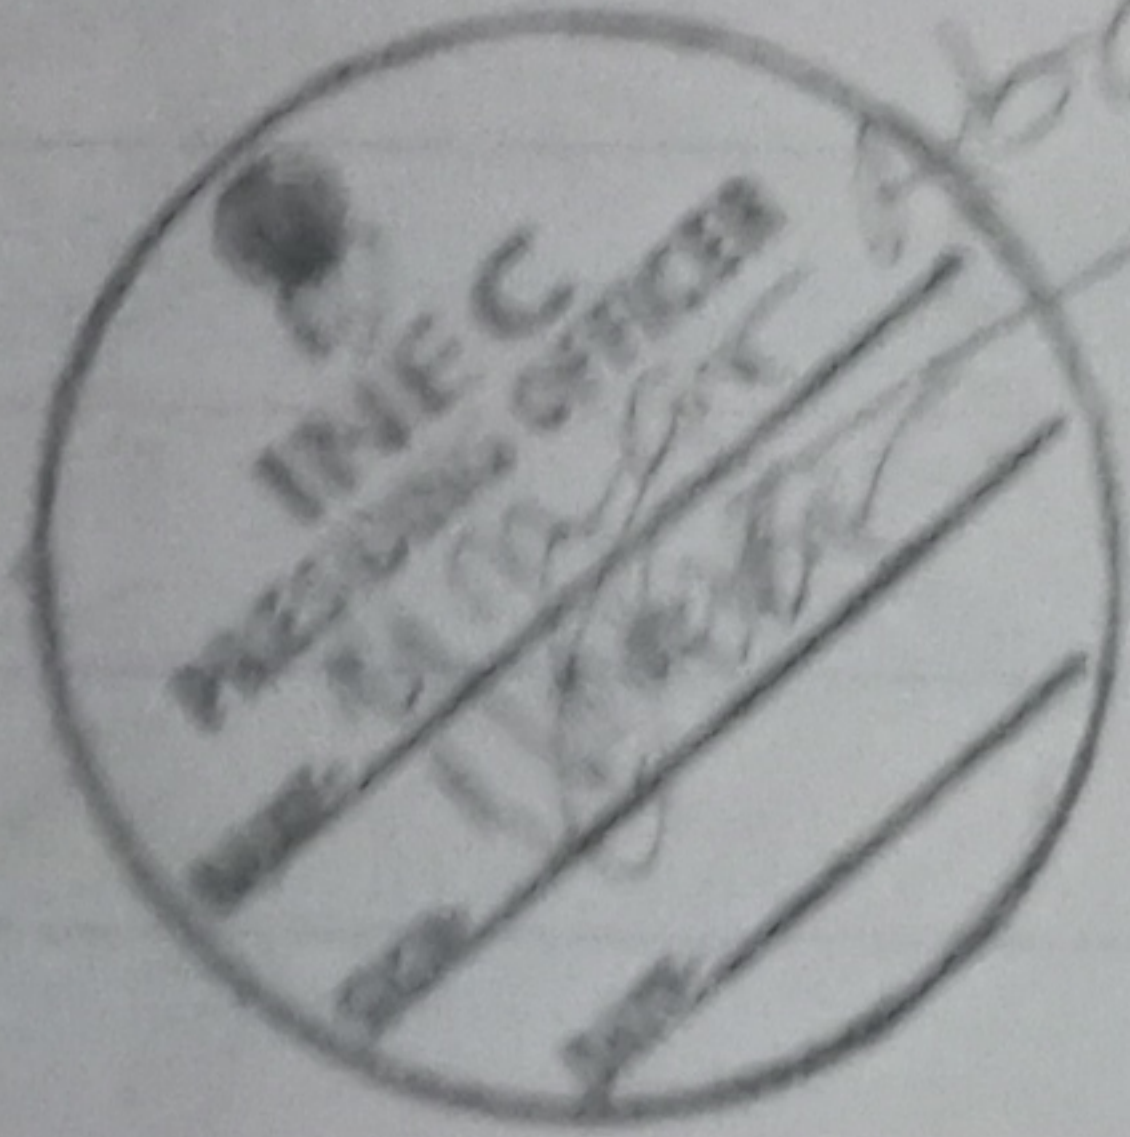

Dear Sir,

With the sincerely and honestly speaking due to delayment before we could left our RAC Centre, We got late to the polling unit. But this not mean, as we are according the voters, voting pollings immediately. But after a moment of time hoodlums attacked our polling unit - which is unit (029) Abuja - 030 to disrupt the proper going of the election of which I, the presiding officer (P.O) and my colleagues which is the Apos ran away from the polling unit.

These hoodlums scattered all our sensitive and Non-Sensitive material scattered and destroy, After sometimes we emerged from our hideout and we still meet them struggling to fight with the Army forces and we went back again. And some of our Apos are been injured, which are: The Apo 1, Apo 2 and the Apo 3.

At the juncture, no voters are ready to come out to vote again due to the situation at that moment.

And we took back some of our sensitive material we could find back to the INEC.

Abdulsala Orenyi

Thanks
