Subject: 2023 Presidential/National Assembly election in Ogbom State/Distribution of Ballot Papers

In the event of conducting the election fairly in the 2023 presidential/National Assembly election in Ogbom State, the distribution of sensitive materials will be carried out through the use of Electronic Ballot Paper (EBP) and Electronic Voting Machine (EVM).

Due to the accreditation will not be conducted in polling units but 2 x will be used for voting purpose and will be for the registered voters.

At the close of poll, after counting and collation of the ballot papers distributed, it was discovered that some polling unit had missing more sensitive ballot papers than the required ones. Therefore, after the verification of result sheets

Due to the negligence of the E.P.C. that already trained in the process of sorting the ballot papers, therefore advise the public and voters that they should go and conduct their election in peaceful and free atmosphere before sorting the sensitive ballot papers and ensure to the benefit the election could not be held in the polling units.
