DOKA REGISTRATION AREA

To: The Electoral Officer,
Doma Local Government Area.

26th February, 2023

REPORT OF FEBRUARY, 2023 ELECTION IN DOKA REGISTRATION AREA HELD ON 25TH FEBRUARY, 2023

The election was generally free, fair and peaceful. The success recorded was as a result of combined efforts of the Security performed deployed to the RA and the management team of INEC.

However, the election is not without some pockets of challenges/issues ranging from administrative, logistics and technical challenges.

Below are some of the challenges:

1. Election were not held in three (3) polling units (Tunga Manja 008, Gidan Dooga 012 and Primary School Gbaigo 021) as a result of crisis that engulfed the areas.
2. Six (6) Poll Officials were not paid their training allowance.
3. Some voters name were not in Electronic Voter Register (EVR). This challenge almost lead to chaos. Thank God for the intervention of the Security Personnel (Army) present that brought the matter under control.
4. Some security personnel posted to some Polling unit either did not surface or left the Poll Official immediately after the close of the poll instead of taking them back to INEC Office.
5. The technical support to the RA was inadequate/inefficient.
6. Some of the electoral materials supplied were outdated/bad e.g stamp pad, indelible marker.
