Report on cancellation of votes in unit 17 (Ogungbola village), ward 03.

A corp member reported and submitted BVAS and a form EC 8A with a discrepancy. The accredited 43 (forty-three) voters with the BVAS but indicated 45 (Forty-five) in the EC 8A form. Hence, the collation officers regarded this as an instance of over voting and cancelled the result of that unit for the presidential, Senatorial and Federal constituency election. This is to formally report this matter to the SPO.

Thank you.
