

PART I

ELECTION DAY - BRIEF REPORT

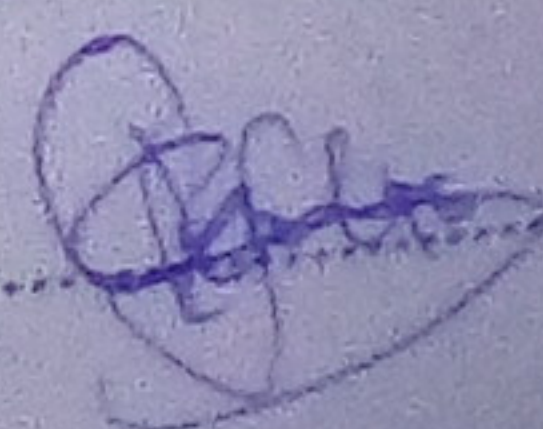

At phyground Ikot Abasi Ekpiong. We had BVAS
Verification Failures of 15 persons which made the
voters unable to be accredited and this fault was
earlier reported at the last elections. The voters
who with threat asked us to make sure they all
vote as they all were with their PSC and their faces
were on the voters register of 004. This made us
to as no other alternative let them all cast their
vote which we later term rejected votes at the
end of the elections (Governorship / State House of Assembly).

CECELIA FRANKIE.
