Ward 2 unit 7 Ofarofun Hall - Ofarofun

As at pass 9am unknown man from another ward came to our polling unit but we are attending to the people at the unit in the process, as I heard from the agent officer was that the man was from another ward and not the unit ward. Later they heard an argument between each other but since it don't affect us we continue with the voting until exactly 11am they started fighting and spoil the unit center by telling us we can't continue voting here again. Me and my colleagues runs for our lives and was unable to carry most of our items too, even a man help us to carry ballot box when we were running for our lives before the SPO came to our rescue to help us leave the environment.
